

3-Step Gel Polish Swirl Color 3F

is a unique pearlescent gel polish that offers two distinct application experiences in one formula. Applied as a standard gel polish, it delivers beautifully luminous, pearly nails with a rich, dimensional finish. For a more creative result, apply a second layer and use a fine dotting tool or detail tool on the wet surface to create swirls, lines and freehand designs that set permanently upon curing — no special skills required. The formula is sufficiently pigmented to wear as a standalone color, while its unique texture responds beautifully to creative manipulation.

Pearlescent finish · Creative swirl effect · Versatile wear · Professional use only

Pearlescent Glow

Luminous, dimensional finish for everyday elegant wear

Swirl & Design

Use a dotting tool on the wet surface to create unique patterns that cure permanently

Standalone Color

Sufficiently pigmented to wear without additional decoration

Creative Freedom

Lines, swirls and freehand designs stay exactly as placed before curing

Preparation

- Nail must be clean, dry and properly prepared
- Remove all shine from the nail plate
- Remove all dust from the nail plate
- Apply over a fully cured base coat
- Do not apply to damaged, broken, infected or inflamed nails
- Do not apply to skin or surrounding tissue

Application

Apply a first thin, even layer over a fully cured base coat and cure. For a plain pearlescent finish, apply a second layer and cure. For a decorative effect, apply a second layer and, while the product is still wet, use a fine dotting tool or detail tool to create swirls, lines or freehand designs on the nail surface. Once satisfied with the design, cure immediately. Finish with a top coat from the Spotlight Cosmetics range.
