

Polyacryl Gel Shape-and-Go 3F

is a non-sticky, ultra-thick polygel engineered for total control during sculpting. Its dense, stable texture allows the product to be formed into a ball and applied directly with fingers or tools — no polyacryl gel solution required.

Designed for precision sculpting, fast salon work and technicians who prefer a clean, tactile application method. The formula produces no heat spikes during curing and is completely odorless, making it comfortable for both technician and client.

No polyacryl solution needed · Good adhesion · Ultra-thick formula · Professional use only

Shape-and-Go

Non-sticky texture applied directly by hand or tool, no solution required

Corner Hold

Exceptional structural stability for extreme stiletto and square shapes

3D Sculpting

Ultra-thick consistency holds volume and shape for 3D nail art designs

Flexible Strength

Thick, armor-like structure that resists cracking while maintaining a degree of elasticity

Preparation

- Nail must be clean, dry and properly prepared
- Remove all shine from the nail plate
- Remove all dust from the nail plate
- Dehydrate the nail plate and apply a primer before application
- Apply a base coat – optional but recommended for thin or very flexible nails
- Do not apply to damaged, broken, infected or inflamed nails
- Do not apply to skin or surrounding tissue

Application

Form a small amount of product into a ball using fingers or a spatula. Apply directly to the prepared nail plate or upper forms. Shape and sculpt using fingers or a tool as needed. No liquid or solution required. Cure immediately after shaping.

Cure Times

LAMP TYPE	WATTAGE	CURE TIME
UV lamp	36W	2 min
LED lamp (405nm)	9W	1 min
Hybrid UV/LED	36W	1 min

Cure times may vary depending on lamp model, layer thickness, and product shade. Always ensure full cure before proceeding.

Storage & Handling

- Store at 15–25°C in a cool, dark place
- Keep away from direct light, heat and open flame
- Keep container tightly closed when not in use

Shelf Life

Up to 12 months from production date, if stored under proper conditions.

Professional Use

This product is manufactured for professional use only. Spotlight Cosmetics B.V. accepts no liability for results arising from incorrect application, incompatible equipment, or use by untrained individuals. By purchasing, the Purchaser accepts full responsibility for correct use and onward distribution in accordance with applicable regulations.

Liability

Spotlight Cosmetics B.V. accepts no liability for adhesion failure, incomplete cure, adverse reactions, or unsatisfactory results arising from incompatible lamp equipment, incorrect application, deviation from this protocol, or use by untrained individuals. The Purchaser assumes full responsibility for verifying product performance under their specific working conditions prior to professional use.
