

Twister Base 3F

is a professional UV/LED-curable flexible base coat engineered to move with the natural mechanics of the nail rather than resist it. Instead of creating a rigid coating layer, Twister Base follows the natural movement of the nail plate — reducing internal stress and helping to prevent lifting and cracking under mechanical load.

Nails are continuously exposed to mechanical stress — particularly in pedicure services, where pressure from footwear and movement creates ongoing strain. Rigid coatings tend to lose adhesion under these conditions. Twister Base maintains stability precisely because of its high flexibility, making it particularly well-suited for soft, flexible, and problematic nail types.

The formula is reinforced with fiber components that help distribute mechanical stress across the coating, preventing material breakage during bending while maintaining full flexibility. The result is a durable coating that works with the nail — not against it.

Flexible formula · Fiber-reinforced · Multiple shades · Professional use only

Works With The Nail

Follows natural nail movement

Stress Distribution

Across the full coating surface

Pedicure Specialist

Withstands pressure and movement

All Nail Types

Including thin, soft and problematic nails

Preparation

- Nail must be clean, dry and properly prepared
- Remove all shine from the nail plate
- Remove all dust from the nail plate
- Dehydrate the nail plate and apply a primer before application
- Do not apply to damaged, broken, infected or inflamed nails
- Do not apply to skin or surrounding tissue

Application

Apply a thin layer to the prepared nail plate using gentle rubbing motions with a brush. Do not apply in excess. Cure immediately after application.

Cure Times

LAMP TYPE	WATTAGE	CURE TIME
UV lamp	36W	2 min
LED lamp (405nm)	9W	1 min
Hybrid UV/LED	36W	1 min

Cure times may vary depending on lamp model, layer thickness, and product shade. Always ensure full cure before proceeding.

Storage & Handling

- Store at 15–25°C in a cool, dark place
- Keep away from direct light, heat and open flame
- Keep container tightly closed when not in use

Shelf Life

Up to 12 months from production date, if stored under proper conditions.

Professional Use

This product is manufactured for professional use only. Spotlight Cosmetics B.V. accepts no liability for results arising from incorrect application, incompatible equipment, or use by untrained individuals. By purchasing, the Purchaser accepts full responsibility for correct use and onward distribution in accordance with applicable regulations.

Liability

Spotlight Cosmetics B.V. accepts no liability for adhesion failure, incomplete cure, adverse reactions, or unsatisfactory results arising from incompatible lamp equipment, incorrect application, deviation from this protocol, or use by untrained individuals. The Purchaser assumes full responsibility for verifying product performance under their specific working conditions prior to professional use.
